Baker was removed to the Memorial hospital, where his condition, while not serious, will require time for healing and resumption on the part of the young man of labor.

37,432 Trees Set Out In This County

Harrisburg, Pa., Jan. 17.—Figures compiled by the State Department of Forests and Waters show that 1,578 tree planters set out a total of 37,432 trees in Pennsylvania during 1923. Early reports show that most of these trees are growing well and in time they will produce fine lumber.

In Washington county 9 tree planters set out 37,432 forest trees, and in Greene county 27 owners of forest land planted a total of 335,132 forest trees. Allegheny county stood first among the 67 counties of the state, with 50 forest planters who set out a total of 379,614 trees. Berks county holds second place, with 112 forest tree planters, who planted 322,867 trees. An active movement has been started to plant one million forest trees in Berks county during 1924.

Secretary Stuart of the Department of Forests and Waters is pleased with the progress forest tree planting is making in Pennsylvania. During the banner year of 1923 more forest trees were planted by private owners of forest land than during any previous year in the forest tree planting in Pennsylvania. A larger number of trees would have been planted if the nurseries had been able to supply the demands. In spite of the nursery shortage, the output was more than 100 times greater than the total number of trees planted ten years ago.

A conservative estimate shows that the 5,487,817 forest trees planted during 1923 will reforest about 5,500 acres of idle forest land. When these trees reach maturity they will produce about 2,000,000 board feet of lumber which is urgently needed by the people and industries of the State.

Warden Accuses A Convict, Then Beats Him On Charge Denial

Philadelphia, Jan. 17.—(United Press)—Charles A. Santee, deputy warden of the Eastern Penitentiary, and former sergeant of the state police, will be tried in criminal court here within the next few weeks on charges of assault and battery on James Fraley, a convict of the prison.

Santee was indicted by the grand jury on testimony that Fraley was beaten by the deputy warden on November 9, 1923, when questioned about the escape of four convicts from the prison.

Fraley is serving a ten-year sentence for shooting his sweetheart. He has been in the prison since 1915 and recently is alleged to have become a "trouble maker."

The convict was accused by Santee of furnishing money to the four inmates who attempted to escape the jail. It is alleged that the deputy warden beat Fraley when he denied the accusation.

MEETING OF THE COAL OFFICIALS

A meeting of the officials, principally superintendents of the Pittsburgh Coal Company—monthly session, which rotates between the different towns and cities of the valley, was held here last night, and attended by probably 100.

The session revolved itself into a discussion of the mining problems situation, accident prevention, "Safety First" methods, et cetera.

6 Die In Storm; 30 Are Hurt

A 70-mile-an-hour southeast gale, the worst January storm in the 52 years' history of the weather bureau here, raging for six hours last night and early today, caused six deaths, injured more than thirty and did much property damage. Distress rations were received from three steamers off the Atlantic coast.

Driven by the wind which at times recorded a velocity of 80 miles an hour, the wind fell almost horizontally, but in sheets. Fatal accidents were caused when the rain obscured the vision of both pedestrians and automobile drivers.

One man died of burns he received when he stepped on a live wire blown down in Leonia, N. J. Automobiles killed three men; one each in Jersey City, New York and Brooklyn. A Salvation Army worker was crushed to death when a wagon upset on him in Manhattan.

A woman, Mrs. Charlotte Shinkman, 55, collapsed on the street in the Bronx after fighting ineffectually against the storm. A bag she carried, containing jewelry worth \$5,000, and various papers, identified her.

Coastal shipping had a bad night. The hurricane-like storm kicked up a heavy sea and even in New York harbor ships were tossing up and down, tugging savagely at their moorings.

After 8 p. m., the New York weather bureau had no way of measuring the gale's velocity for the cups were blown off the wind gauging instruments.

Early today the storm had abated entirely and the weather showed a gradual change to fair and colder.

TO SAVE LIFE, PREVENT FIRES

Harrisburg, Jan. 17.—(United Press)—A fire prevention campaign having as its object the lessening of school building fires and the conservation of life, was announced today by Superintendent of Public Instruction J. George Becht in a letter to all superintendents and supervising principals.

"In view of the large number of school buildings which were destroyed last year by fire, resulting in great financial loss to the school districts and severe handicaps to pupils, the attention of school officials is directed to the advisability of instituting some form of school building inspection at stated times that will throw greater safeguards around buildings and the lives of those who make use of them."

Five points were stressed by Dr. Becht as a means of minimizing public school fire hazards. They include an immediate inspection, collection of waste paper and rubbish to be destroyed, fire drills, examination of exits and fire escapes, regular inspection.

TO HAVE PEACE RETURNS MONEY

Norristown, Jan. 17.—(United Press)—The school board has been enriched one dollar by an "uneasy conscience." Ira B. Harr, secretary of the board, received a letter with an enclosure of a dollar bill. The writer declared that some years ago while a student at the high school he "took some supplies from the desk of the teacher."

The letter continued: "I wish to make restitution in order to have peace with my soul and with God."

SALESLADY ROBBED BY UNIQUE METHOD

Alice Lawrence, a saleslady, employed at the Yorkins Drygoods store in McKean avenue, between Fourth and Fifth streets, fell on the icy pavement in front of the establishment yesterday morning, injuring her hip. The lady was not badly hurt, and the most lamentable and unique part of the incident was the fact that, in the fall, she dropped her purse containing \$50. A colored man in passing the store, noting the incident, grabbed the purse and its contents, and fled. The police were given a description of the robber, but up to the present time have not been able to make an arrest in the case.

The haberdashery of Frank P. Eitzer in Fallowfield avenue, near Fourth street, was entered through the rear door by boys between the hours of 12 and 1 o'clock yesterday morning. They confiscated three sports shirts, three dozen four-in-hand ties, and other goods to the total value of \$100. The local officers made one arrest in the affair, and have recovered the loot stolen, returning the goods.

CHANGE IN VIEW FOR ARDEN DOWNS

Plans for the converting of Arden Downs, home of the Washington Fair Association, into a recreational center, have been completed and the proposition is now being presented for the consideration of the public.

Transportation facilities offered comprise one of the strongest arguments in favor of the movement. The street car line of the Pittsburgh Railways company and the Pennsylvania railroad have stations at Arden, while a network of improved highways from all parts of Western Pennsylvania center there.

The transportation facilities and the fact that the topography of the ground owned by the Washington Fair association and that available has caused the movement for the building of a recreational center to receive commendation from many presented.

The annual Washington Fair will of course be one of the annual features at Arden Downs for the exhibition has become an institution, has been improved over a number of years, and now ranks as one of the best county exhibits in the state of Pennsylvania.

Adjoining land already owned by the association to the north, is a plot with a piece of woodland which can be made into an ideal summer resort. A natural swimming pool, which will be fed by springs can be constructed in the valley. Cottages can be built in the surrounding ground.

That Arden Downs is suitable for the purpose intended was shown by the fact that it was selected as the site for playing of a semi-final game by the Morgan and Amsterdam soccer teams in the series to decide the championship of Western Pennsylvania.

CITY WOMEN ASK SQUARE DEAL FOR MABEL NORMAND

Chicago, Jan. 17.—(United Press).—Chicago club women are on record for a square deal for Mabel Normand, movie actress, witness in a recent Los Angeles shooting. They have decided it was high time for women to "stick together."

At a meeting of the Illinois federation of women's clubs last night, Mrs. Frank Johnson, chairman of the organization's moving picture committee started to read a resolution urging the affiliated clubs to ban Mabel's pictures. Mrs. Sophia D. Cowles, president of the Women's Association of Commerce, interrupted her.

"It's perfectly absurd for Chicago club women who have their wits about them to follow the lead of a few foolish women in a small town club who thought they were doing their duty when they adopted such a resolution," she said.

"But Miss Normand went to Courtland S. Dines' house," retorted Mrs. Johnson. "Yes, and who invited her?

Cowles.

Mrs. Cowles said it was a farce for the club women to attempt to ruin Miss Normand, socially and financially, before getting at the bottom of the whole thing.

"It's a disgrace to women," she said. "We will stick together and it's high time the women did, especially when they know the real facts in the case."

The question was put to a vote and a large majority voted to have the resolution tabled until Miss Normand's story is told in the courts.

STORM-SWEPT WAVES GROUNDS CRUISER

Galveston, Texas, Jan. 17.—(United Press).—Lashed by storm swept waves of the western Gulf of Mexico, the United States cruiser Tacoma, was still hard aground today on the rocks of El Chaparral reef, off Vera Cruz harbor, according to radiograms picked up by the Port Brown wireless station or Point Isabel and relayed here.

A tug from Vera Cruz prevented from reaching the vessel by the mountainous waves is standing by. The S. S. Allagheny has been ordered to the vessel's aid from Pensacola and the U. S. Cruiser Richmond was plying through the Gulf to her assistance from New Orleans.

Although battered through the night by the waves the Tacoma is not believed to be in imminent danger.

Might Look Bad

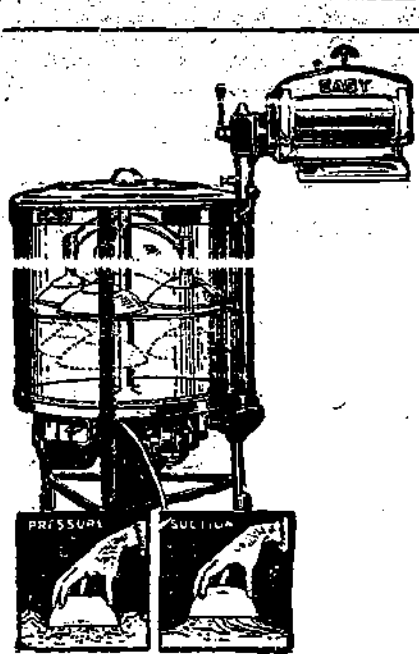

"See, George, don't," said the young wife. "I baked my first cake today, and I want you to eat some of it." "I am willing," said hubby, as he looked suspiciously at the cake. "But I've just had my life insured." "Why, that's all the better, isn't it?" laughed the bride, merrily. "I don't know about that," he replied. "They might think you baked the cake on purpose and refuse to pay the policy!"—Boston Transcript.

Rules Saxony With Iron Hand

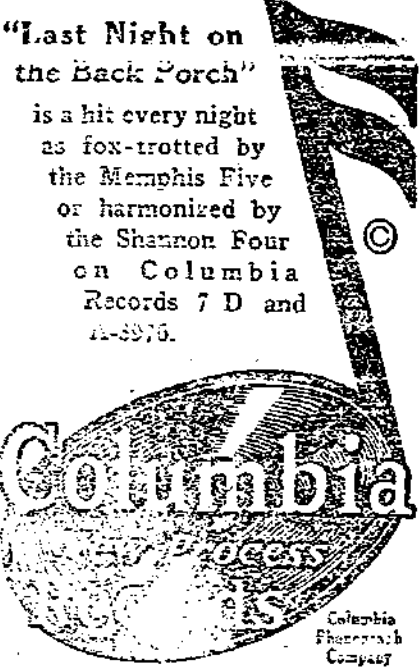

Dr. Karl Helms, newly appointed Commissioner representing the Reich in Saxony, was taken control of the situation. The Saxony Ministry has restated under pressure, although it is still full of fight. One of Helms' chief problems has to do with the organization of the food situation throughout Saxony, especially in the densely populated industrial sections.

LABOR IN POWER

TODAY AT 4 P. M.

London, Jan. 17—(United Press) The first definite move to put a labor government in power in Great Britain will come at 4 p. m. today.

At that hour J. R. Clynes, veteran labor leader in the House of Commons is scheduled to introduce an amendment to the motion approving the king's address to the opening of parliament, expressing misconfidence in the Conservative government headed by Prime Minister Baldwin.

The division of the House which will complete defeat of the present government is expected about 11 p. m. Monday.

Keen debate on the Clynes amendment is expected throughout the sessions until the vote Monday night.

It is predicted the government will be defeated by a majority of about 30, although some reports are that 50 or 60 liberals will condemn the policy of their leader, former Prime Minister H. H. Asquith, in defeating the Conservatives to enable the Laborites to come into power.

About 12 liberals have expressed their intention to support Baldwin. It is believed dissatisfaction in the Liberal party is likely to cause a limited abstention in voting, but the government would need at least 100 such abstentions to avert defeat.

The Jane Allen class of the Christ Lutheran church will meet this evening in the Sunday School room of the church. Miss Charlotte Hurst will be hostess.

At the regular monthly meeting of the L. C. B. A. held in the Lyceum of the St. Jerome's church last evening, it was decided to hold a euchre, 500 and old maid party in the Lyceum, Wednesday evening, January 30.

The regular meeting of the Rebekah Lodge No. 299 will be held tomorrow evening in the I. O. O. F. Hall, Fallowfield avenue. A program has been arranged by the committee in charge and refreshments will be served. A good attendance is anticipated.

The members of the Altar Guild of St. Mary's Episcopal church will rehearse and further plans for the Get-to-Gether social to be held Friday, January 25, in the church school room, tomorrow evening beginning at 8:30 o'clock. A full attendance of members is urged and all those who are to take part in the program are also especially requested to be present.

With one of the largest crowds that have attended a dance in Charleroi for some time, the dance committee of the Elks club held another of their extremely successful dances last evening in the ball room of the Elks club. In their last appearance in this vicinity this year, Dave Harmon's Wonder Band were at their best and furnished innumerable selections of the latest popular airs along with their sons and entertainment. During intermission luncheon was served in the dining room.

Mrs. William Kilder entertained relatives at a birthday dinner party Tuesday evening at her home in Lincoln avenue. The table appointments were in yellow, white and green, and the centerpiece was a beautiful black basket filled with tiny yellow roses. The favors were small baskets fashioned as yellow roses and filled with candy. The hostess received many lovely gifts. The out-of-town guests present were Mrs. Kibler's brother, Jesse Cupp and family of Belle Vernon.

At 6 o'clock last evening at the home of Mr. and Mrs. William Paley of Meadow avenue, a postal shower and surprise party was held in honor of their daughter, Genevieve, who was celebrating her 11th birthday anniversary. The evening was spent in dancing and games and prizes were awarded for a mule contest, the winners being Master Elmer Giesbrecht, first prize and Miss Alice Braznell, second prize. At eight o'clock the guests adjourned to the dining room, which was decorated in accordance with the Valentine season, covers being laid for 25. Valentines were given as favors. At 9 o'clock the little guests departed, wishing Genevieve many more happy birthdays. The presents were many and beautiful.

A jolly party, composed of the sales force of the Thos. P. Tweed company of Fallowfield avenue, and a number of their friends, left for Pittsburgh, after closing hours last evening and enjoyed the presentation of George White's Scandals at the Nixon theatre. They report an extremely delightful evening. Those

ROBBER'S BODY
IS UNCLAIMED

Still unclaimed, the body of Terry McShane, the young man shot early Sunday morning, when with others he was caught in the act of robbing the store of the Union Coal & Coke Co., at Marianna, lies at the Day mortuary rooms on Brownson avenue, Washington. The inquest was held this morning.

McShane is not known to have any people or any friends in this section. He is said to have relatives in Canada, but there was nothing on his person to give the coroner any information as to whom to communicate with. And so this young man, who does not look like a criminal, may be buried without relatives or friends to mourn his passing. Somewhere he will be classed among the missing—a youth who went out from his home and never returned.

The robbery now believed there were more than two persons engaged in it. It is known that the second person, the man seen by the night watchman, at the same time that he shot the man identified as McShane was Joe Lenhart. It is now thought that there was probably a third person.

This third person is believed to have been a man that was formerly about Marianna, suspected of crimes while there, now believed somewhere in the Pittsburgh district, and who was very familiar with Marianna and this general store of the Union Coal & Coke Co.

present from the store were as follows: Misses Stella Roy, Edna Ackerman, Margaret Haywood, Gertrude Ries, Ruth Crytzer, Rose Protin, Helen Booth, Eva King, Elizabeth Smith, Mrs. Bertha Williams, Mrs. Edith White, Mrs. Mary Myers and Mrs. L. C. Grimes. Others in the party were: Misses Kate Rennie and Nora Bowen, of Belle Vernon; Mary Beluch of North Charleroi; Miss Florence Haywood of Dunlevy; Mrs. Henry Acker and daughter Dorothy of McKean avenue; Miss Marie Taylor of North Charleroi; and Mrs. Herbert W. Barker of Fallowfield avenue.

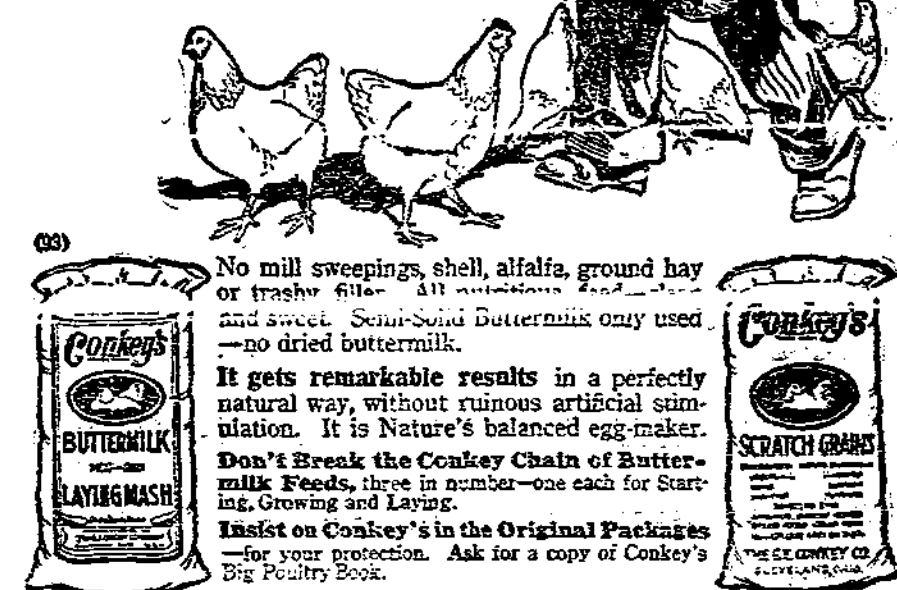

A pretty home wedding of interest took place last evening at 6 o'clock at the home of Mrs. Susan Night, when the marriage of her daughter, Miss Adeline, and Edward Landsperger of Homestead was solemnized by Rev. Robert J. Shields, pastor of the First Presbyterian church. The bride, who was prettily gowned in a tan crepe dress, wearing a corsage of sweetheart roses, was attended by Miss Mildred Brown of Belle Vernon. Miss Brown wore a brown velvet gown and corsage of brown-eyed susans. S. H. Night of Fallowfield avenue, served as best man. Before the ceremony, Miss Ella Malcolm and Mrs. Elizabeth Hickey rendered "Oh, Promise Me," and Miss Mary Elizabeth Daniel played the wedding music. Following the nuptials a wedding dinner was served in the dining room, covers being laid for 40. Guests were present from Scottdale, Homestead, and Meadville. The bride is very well known in Charleroi, and has been employed by the Metropolitan Life Insurance for a number of years, while the groom is one of Homestead's most estimable young men. He is employed by the Y. and O. Coal company at the present time. The young couple will make their home temporarily, with the bride's mother.

WRITES ITS OWN HISTORY AS IT RUNS

Something new again in automobiles. Here is a car that has been named "Bruce's Chariot." Its inventor, C. S. Bruce, of the Bureau of Standards, has built a mechanism inside the car that records its own history. An apparatus composed of over 90 pieces with 18 steel pens, automatically registers everything including the speed, wind velocity, rate at which car gathers speed and slows down. It also has a camera underneath which takes pictures of the flow of gas. Bruce shows Bruce in his "Chariot."

STATE EMPLOYEES TO BE GIVEN RECEPTION

Harrisburg, Jan. 17.—(United Press)—The first year of Governor Finchet's administration ends with a reception initiated and supported by the employees of the office of Secretary of the Commonwealth given by the Department of State and Finance to all state employees, tomorrow night. Governor Finchet will head the delegation from other departments to go to the reception and every "mild" form of entertainment will be provided including cards and dancing.

Other departments are supposed to take the hint and at various times during the year similar entertainments will be given by the employees themselves for their own edification and amusement.

It would be impossible to attach the expense of these functions to the state and besides it would be somewhat inconsistent for the budget department to "spread itself" at the expense of the taxpayers so they are meeting it out of their own pockets.

PEOPLE KILLED IN A SNOWSTORM

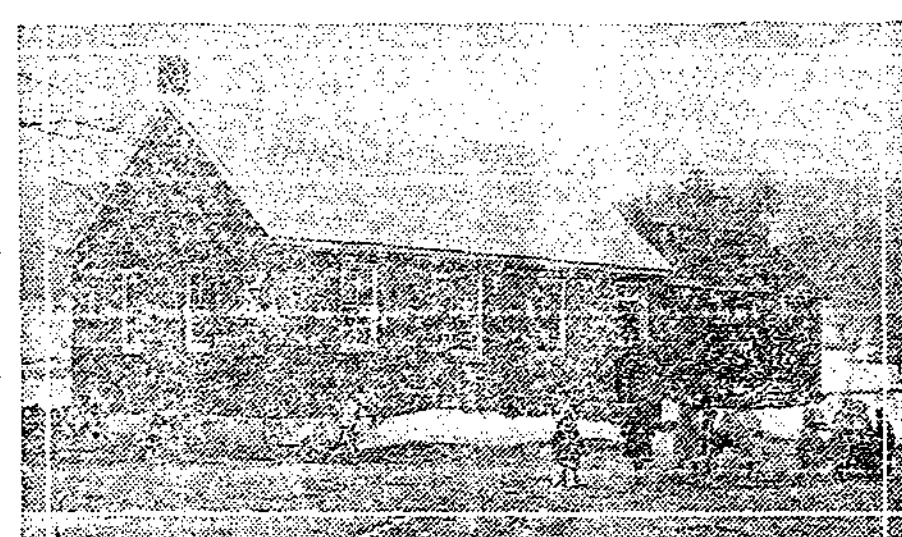

Chicago, Jan. 17.—(United Press).—Three persons were killed by street cars here in a blinding snowstorm that accompanied the second coldest cold wave of the season in the middle west.

The mercury stood at five degrees below zero early today in Chicago, while in the regions untempered by the Great Lakes, temperatures of ten to thirty below were recorded.

Practically every train in the blizzard-stricken area was running behind schedule. Snow and sleet covered the tracks.

George S. Castle, 49, John Greenlin, 70, and Malick Kaughton, 23, were killed in different parts of Chicago when they walked directly in the path of street cars. In each case the victim was blinded by heavy snow.
